## ***Disaster Assistance Available for Small Businesses***

**Sacramento, CA** – Small, non-farm businesses in 15 Texas counties may now apply for low-interest disaster loans from the U. S. Small Business Administration (SBA). These disaster loans offset economic losses because of reduced revenues to farmers and ranchers caused by the drought and extremely high temperatures, which occurred in the following 4 primary Texas counties beginning January 1, 2006 and continuing, announced Alfred E. Judd, Director of SBA's Disaster Field Operations Center - West.

### **Primary Texas Counties:**

Crockett                      Irion                      Reagan                      Upton

### **Neighboring Texas Counties:**

Crane                      Ector                      Glasscock                      Midland                      Pecos                      Schleicher  
Sterling                      Sutton                      Terrell                      Tom Green                      Val Verde

Small businesses may qualify for Economic Injury Disaster Loans (EIDLs) of up to \$1.5 million to help meet financial obligations and operating expenses which could have been met had the disaster not occurred. "Eligibility for these working capital loans is based on the financial impact of the disaster only and not on any actual property damage. These loans have an interest rate of 4%, a maximum term of 30 years, and are restricted to small businesses without the financial ability to offset the adverse impact without hardship," Judd said.

By law, SBA makes EIDLs available when the U. S. Secretary of Agriculture designates an agricultural disaster. Secretary Mike Johanns declared this disaster at the request of Governor Rick Perry.

Businesses primarily engaged in farming or ranching are not eligible for SBA disaster assistance. Agricultural enterprises should contact the Farm Services Agency (FSA) about the U. S. Department of Agriculture (USDA) assistance made available by the Secretary's declaration. However, in drought disasters nurseries are eligible for SBA disaster assistance.

For information and application forms, call toll-free (800) 659-2955, or visit SBA's website at [www.sba.gov/services/disasterassistance](http://www.sba.gov/services/disasterassistance). Hearing impaired individuals may call (800) 877-8339.

The deadline to apply for these loans is **June 25, 2007**.
